Hello Coaches/Players,

I would like to inform you that Pitt Community College will hold an open tryout for positions on the 2010 volleyball team on Sunday, Nov. 29, from 3:30 p.m. to 5:30 p.m. in the Charles Coburn Center, which is located in PCC's Ed and Joan Warren Building on Reedy Branch Road.

Community college volleyball is a great way for high school athletes to continue their playing careers. The competition level is similar to that of the NCAA's Division II and Division III.

Unless a player receives a full scholarship to play somewhere than PCC, it would be difficult for them to find a better savings on their college education than to take two years with us. Our in-state tuition and fees are currently \$842 per semester compared to \$2,500 to \$3,000 per semester at North Carolina's four-year public colleges and universities. Scholarships at Division II and III schools generally reduce the cost of tuition and fees to that of a typical four-year public institution.

My program also offers scholarships that can be applied to tuition and fees. I have 10 athletic scholarships to divide amongst 12-14 players.

Every season, there are some players receiving full, partial and no athletic scholarship money. But even those who receive no scholarship money are getting a great deal on education compared to what it would cost at many other schools. And just like any other PCC student, our athletes are also eligible for academic scholarships that may be available.

PCC offers a wide variety of majors, including college transfer and an extensive selection of health sciences programs, and Greenville is a great college town in which most students enjoy living.

If you know of any players who may be interested in playing for PCC, please have them contact me. In order to attend next month's tryout, a player must bring a completed waiver form, which can be found on PCC Athletics site and printed.

If you have any questions, feel free to contact me by phone or email.

Thanks!!

Tom Marsh  
Head Volleyball Coach
